An International Conference on Creative Technology event is annually conducted and usually held in the middle of year. Initially, the conference was held in the year 2013, which was short title “CreTech”. Now, it has changed a new acronym that is “ICCT”.

The ICCT 2023 is superior international academic conference that is organized by Rajamangala University of Technology Krungthep (RMUTK) and jointly by Innovation and Creative Technology Association (ICTA), Thailand. In addition, it is co-organized by Vellore Institute of Technology (VIT), India and Liverpool John Moores University, Liverpool, UK.

It is a great pleasure and an honor to extend you a warm invitation to attend International Conference on Creative Technology (ICCT2023) will be 11th the series which is being scheduled for 20th to 22nd July 2023. The authors of all accepted papers will be invited to present their work during the conference, high quality papers are selected to publish in the Scopus journal.
Advanced Materials:
- Bio-material
- Metal alloy material
- Nano material and technology
- Smart materials
- Energy storage materials
- Eco materials
- Laser processing of materials
- Super alloys processing
- Materials in manufacturing processes
- Microwave processing material
- Surface engineering
- Additive manufacturing
- Forming and casting process
- Machining
- Material flow and modeling

Advanced Manufacturing Challenges:
- Automated production system
- Flexible manufacturing
- Lean manufacturing
- Manufacturing optimization
- Manufacturing modeling and simulation
- Agile manufacturing
- CAD/CAPP/CAM/CIM
- Smart manufacturing
- Intelligent AMR and Industrial robotics
- Digital twins and CPS production system
- Digital and cloud manufacturing
- Industrial 4.0
- IoT and remote control
- Intelligent manufacturing
- Lean manufacturing
- Supply chain management
- Production quality management
- Preventive and condition based maintenance

Advanced in Engineering, Creative Technology and Innovation:
- Mechanical Engineering
- Automation control and PLC
- Electrical engineering
- Electronic engineering and communication
- Industrial engineering
- Industrial and product design
- Innovative design
- Eco sustainable design and production
- Modern blended and hybrid engineering education
- Intelligent business management and marketing
- Business science
- Modern and post-Covid tourism

IMPORTANT DATES

15 APRIL, 2023
30 MAY, 2023
30 JUNE, 2023
20 JANUARY, 2023
20 JANUARY, 2023
20 JUNE, 2023
20-22 JULY, 2023
Conference
Dates

Abstact/Papers Submission Begins
Deadline of Abstract Submission
Notification of acceptance
Deadline of Camera Ready
Regular Registration
